

MOHAMAD HAFIZ BIN MOHD JAIS

BACHELOR OF COMPUTER SCIENCE (HONOURS)

Data Science and Computer Intelligence Undergraduate

International Islamic University Malaysia (IIUM), 53100 Gombak, Selangor

hafizjais5@gmail.com | 6013-8968430 | [LinkedIn](#) | [Portfolio](#) | [GitHub](#)

Position to apply: IT Intern (March – September 2026 @ 6 months)

SUMMARY

Data Science undergraduate with a strong interest in data analytics, business intelligence, and digital process improvement. I have hands-on experience in data cleaning, SQL querying, dashboard development and analysis using tools such as Excel, Power BI, Tableau and Python. I enjoy working with data to uncover meaningful insights that can support better business decisions and improve operational efficiency. I am always eager to learn, adaptable to new environments, and comfortable working in both structured and fast-paced settings.

WORK EXPERIENCE

Digital & Technical Assistant @ Magna IBN Sdn. Bhd. | Kuala Lumpur

Aug 2025 – Jan 2026

- Managed Facebook and WhatsApp advertising campaigns and designed WordPress websites, helping improve client engagement for Halal consultancy and training services
- Worked closely with clients by consulting on Halal services, explaining the importance of Halal certification, and guiding them through the application process

Research Assistant @ Dr. Norzariyah Binti Yahya, IIUM

August – Dec 2025

Project Title: *Integrating Blockchain and Artificial Intelligence for Halal Supply Chain Compliance: A Rapid Literature Review*

- Conducted literature searches and data extraction that supported a structured review of AI-blockchain frameworks for Halal supply chain compliance (Scopus, IEEE, ScienceDirect)

Private SPM Tutor

Feb – May 2022

- Conducted one-on-one tutoring for SPM students in Bahasa Arab, Mathematics, and Sejarah.

Cashier at N24 Cafe (UTM) & Pasar Awam Taman Universiti

September -
October 2024

- Handled daily cash transactions and monitored inventory records

PROJECT DEVELOPMENT EXPERIENCE

DIAGNOCHAIN: AI-Powered Disease Prediction System on a Blockchain-Based Medical Database — Final Year Project

- Developed a hybrid system integrating AI-driven disease prediction and blockchain-based data management to improve diagnostic accuracy and maintain secure, tamper-proof medical records.
- Tools implemented are: *Python, Firebase, Scikit-learn, ReactJS, Blockchain (Solidity/Hardhat)*

Optimizing Revenue and Customer Experience using Causal Inference & Machine Learning — Big Data and Analytics Project

- Analyzed large customer datasets using Excel, SQL, Spark and Python to identify shopping trends and customer satisfaction patterns. Created interactive Power BI dashboards and PowerPoint reports to visualize key performance metrics and communicate insights clearly

Classifying Food Ingredients Based on Halal Compliance — Data Science Project

- Performed data preprocessing and analysis using Excel and Python. Create visualizations using Powerpoint to present insights while developing a supervised machine learning model to classify food ingredients based on Halal compliance

LEADERSHIP INVOLVEMENTS

- Program Coordinator @ Innovatex: Innovative Tech Expo IIUM

March 2024

 - Coordinated the planning and execution of IIUM’s annual technology innovation exhibition, involving student startups and research showcases.
- Program Coordinator @ STUFF Mass Gathering 2.0 (Student Front Facilitating Club)

October 2023

 - Led the coordination of the club’s annual mass gathering event to introduce new committees and celebrate incoming members.
- Committee (Legal Affairs Team) @ I-Hax 2024: Innovation Hackathon IIUM

November 2024

 - Managed legal documentation and ensured that all hackathon activities complied with university regulations and ethical standards.
- Kursus Kepimpinan PERKASA Pembimbing Rakan Sebaya (PRS), IIUM

April 2023

 - Completed a university-level leadership training program focused on peer mentoring, communication, and team empowerment.
- Academic & Career Bureau’s Committee @ IIUM Information and Communication Technology Student Society (ICTSS)

Jun 2023 - February 2024

 - Assisted in organizing academic enhancement and career development initiatives for KICT students, including workshops, seminars, and sharing sessions with industry professionals to bridge the gap between academia and industry.

AWARDS AND ACHIEVEMENTS

- Silver Award – IIIDEation 2026 International Grand Invention, Innovation & Design Expo

 - Recognized at international level for innovation in secure AI-driven healthcare systems
- Dean’s List Award

 - Received Dean’s List for 3 out of 6 semesters.
- Co-Curricular Involvements

 - Maintained a Co-Curricular Cumulative Average of 4.0/4.0.
- Bronze Award – 7th University in Action Symposium

 - Secured Bronze Award for Community Engagement Project.

CERTIFICATIONS AND COURSES

- CompTIA Data+ | Nov 2025
- Java Fundamentals Certification — Oracle Academy | Dec 2023
- Cisco Networking Academy | Jun 2023
- AI for Business (eUM10) — Malaysia Digital Economy Corporation (MDEC) | Dec 2024
- Mandarin Language (Level 1 & Level 2) | Aug 2023
- Bursa Investment Quiz (National Level) | March 2023

SKILLS

- Programming:** Python, Java, JavaScript, SQL
- Web & Design:** ReactJS, WordPress, HTML, CSS, Figma
- Tools & Platforms:** Firebase, VS Code, Microsoft 365, Google Workspace
- Data & Analytics:** Power BI, Tableau, Excel, CompTIA Data+, data visualization tools
- AI & Machine Learning:** TensorFlow, Scikit-learn, PyTorch, OpenCV, AI for Business (MDEC)
- Soft Skills:** Communication, Team Leadership, Critical Thinking, and Project Management
