

MOHAMAD HAFIZ BIN MOHD JAIS

BACHELOR OF COMPUTER SCIENCE (HONOURS)

International Islamic University Malaysia (IIUM), 53100 Gombak, Selangor
+6013-8968430 | hafizjais5@gmail.com | linkedin.com/in/hafizjais

Position to apply: Data Science Intern from March – August 2026 (6 months)

SUMMARY

Computer Science undergraduate specializing in Data Science, seeking an internship as a **Data Science Intern, AI/ML Intern, or Data Analyst Intern** for the **March–August 2026** placement. Skilled in Python, machine learning, and data analysis with hands-on experience in AI-related research and digital projects. Fluent in Malay and English with strong communication and problem-solving abilities.

EDUCATION

International Islamic University Malaysia (IIUM) | Bachelor of Computer Science (Honours) **Oct 2022 – Present**

- CGPA : 3.40

WORK EXPERIENCE

Digital & Technical Assistant @ Magna IBN Sdn. Bhd. | Kuala Lumpur **August 2025 – Present**

- Enhanced company’s digital presence by optimizing website SEO and producing creative content that improved client engagement by 25% for Halal consultancy and training services.
- Led the design of digital marketing materials and social media campaigns across Facebook and WhatsApp, boosting brand visibility and client interaction.

Research Assistant @ Dr. Norzariyah Binti Yahya, IIUM **August 2025 – Present**

Project Title: *Integrating Blockchain and Artificial Intelligence for Halal Supply Chain Compliance: A Rapid Literature Review*

- Conducted literature searches, data extraction, and content analysis from academic databases (Scopus, IEEE, ScienceDirect).
- Assisted in identifying AI and blockchain integration frameworks relevant to Halal supply chain traceability and compliance.

Private SPM Tutor **Jun 2021 – Aug 2021**

- Conducted one-on-one tutoring for SPM students in Bahasa Arab, Mathematics, and Sejarah.

Cashier at N24 Cafe (UTM) & Pasar Awam Taman Universiti **September – October 2023**

- Handled daily cash transactions and monitor the inventory records.

PROJECT DEVELOPMENT EXPERIENCE

DIAGNOCHAIN: AI-Powered Disease Prediction System on a Blockchain-Based Medical Database — *Final Year Project*

- Developed a hybrid system integrating AI-driven disease prediction and blockchain-based data management to improve diagnostic accuracy and maintain secure, tamper-proof medical records.
- Tools implemented are: *Python, Scikit-learn, ReactJS, Blockchain (Solidity/Hardhat), RemixIDE*

Optimizing Revenue and Customer Experience using Causal Inference & Machine Learning — *Big Data and Analytics Project*

- Directed a strategic analysis of customer shopping trends by deploying Prescriptive Analytics and Machine Learning models to diagnose satisfaction drivers and formulate data-driven logistics strategies that maximize customer retention.

Classifying Food Ingredients Based on Halal Compliance — *Data Science Project*

- Built a machine learning model to classify food ingredients based on Halal compliance by performing data preprocessing, feature engineering, and supervised learning using Python and Scikit-learn.

LEADERSHIP INVOLVEMENTS

- Program Coordinator @ Innovatex: Innovative Tech Expo IIUM

March 2024

 - Coordinated the planning and execution of IIUM’s annual technology innovation exhibition, involving student startups and research showcases.
- Program Coordinator @ STUFF Mass Gathering 2.0 (Student Front Facilitating Club)

October 2023

 - Led the coordination of the club’s annual mass gathering event to introduce new committees and celebrate incoming members.
- Committee (Legal Affairs Team) @ I-Hax 2024: Innovation Hackathon IIUM

November 2024

 - Managed legal documentation and ensured that all hackathon activities complied with university regulations and ethical standards.
- Kursus Kepimpinan PERKASA Pembimbing Rakan Sebaya (PRS), IIUM

April 2023

 - Completed a university-level leadership training program focused on peer mentoring, communication, and team empowerment.
- Academic & Career Bureau’s Committee @ IIUM Information and Communication Technology Student Society (ICTSS)

Jun 2023 - February 2024

 - Assisted in organizing academic enhancement and career development initiatives for KICT students, including workshops, seminars, and sharing sessions with industry professionals to bridge the gap between academia and industry.

AWARDS AND ACHIEVEMENTS
